

OFFICE OF THE DEAN ACADEMICS

SANTOKBA DURLABHJI MEMORIAL HOSPITAL, Jaipur

No. 357

June 12th, 2020

MEMO

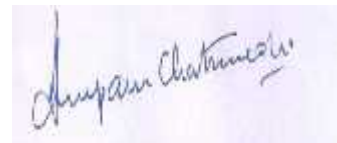

It has become apparent that the COVID crisis is here to stay for the foreseeable future.

The following guidelines are suggested to facilitate teaching of DNB residents

1. Social distancing, sanitation and wearing of masks during classes are mandatory.
2. A distance of 6 feet between two persons is possible for reasonable sized groups in the conference hall or the auditorium. For even smaller groups social distancing can be maintained in the basement teaching room.
3. Bedside teaching during rounds in small groups is also encouraged with all the precautions already in place for clinical ward rounds.
4. Electronic methods of teaching via available webinars, YouTube resources etc must be facilitated.
5. The NBE arranges electronic classes; these will be forwarded as and when received.
6. Thesis work, log books and learning progress needs to be monitored by the candidates guide and/or HOD.
7. A log of these processes may please be shared with the Academics office via email deansdmh@gmail.com.
